Objectives

- Increase knowledge of how to determine academic achievement for individual students
- Increase knowledge of what to do when students are struggling
- Increase knowledge of the process for planning for post-secondary success.
- Increase knowledge of DCFS post-secondary programs
Part One
Determining the Academic Achievement for Students
Ways to Determine Achievement

- Report Cards
- Conferences or Teacher Reports
- Standardized Tests
Ways to Determine Achievement

- Discipline Issues
- Student’s Self Report
- Others?
Part Two

Strategies to Assist Students Who are Struggling
Discuss with the student, the caregivers and the school to determine the issues that contribute to the student struggling in school.

Review what steps have already been taken to help the student.

If the student has the effects of childhood trauma, share with the caregivers and school as appropriate.

Seek assistance from Education Advisor as needed.
Reasons Why a Student May be Struggling

Common reasons may be:

- Poor attendance/truancy
- Not understanding school material
- Behavioral issues
- Not returning homework
- School work not modified or accommodated
- Others?
Poor Attendance

- Determine reasons for frequent absences.
- Help develop a schedule that will allow the student to get to school on time and how to notify the school of excused absences.
- Students should not be removed from school for family and sibling visits. If unavoidable, document on CFS 492.
- Determine if there are medical reasons for extensive absences. Make sure school work is coordinated with the hospital and credit is given.
A student who has unexcused absences for 5% or more school days is truant.

Discuss the possible reasons for truancy with the student and problem solve.

Most schools have truancy programs to assist students. Check with the local district to obtain assistance.
Discuss with the school and student what the behavioral issues are and determine if this is an isolated incident.

If this is an ongoing problem, there are formal and informal strategies on how to address the student’s behavior.

An informal strategy is to discuss the issues with the student and school and determine a plan for improved behavior. Review the school discipline policy with the student.

A formal strategy would be to develop a behavioral intervention plan through IDEA, Section 504 or RtI.

Include the student in developing his/her plan.
Students may have a Behavioral Intervention Plan through RtI, Section 504 or an IDEA

Behavioral Intervention Plans are to be individualized and not based on a classroom plan.

If a student has a Behavioral Intervention Plan (BIP), review the plan, determine if is being implemented and revise, if needed.

If a BIP doesn’t exist, request a Functional Behavioral Assessment be completed and then develop the BIP.

Set up timelines for reviewing and updating the BIP.
Not Understanding School Material

- Determine if it is from lack of schooling.
- Review past performance.
- Discuss what, if any, strategies have been tried.
- If you suspect the student has a disability that would make him/her eligible for special education, make a referral.
- If uncertain, ask the school to provide supports through RtI.
- Determine follow-up dates to review progress.
Review if current school plans need to be modified to address the need.

It is a discretionary service by the school. Ask if a program exists.

If no school tutoring program exists, DCFS may purchase this service upon:
- Written recommendation by the student’s teacher.
- After all other resources have been exhausted.

Reasons for tutoring include:
- Needs remedial help upon entering care or changing schools.
- Currently has failing grades or has been retained.
- Recommended to compensate for extended absences from school.
Special Education or Section 504 Services

Ask for IEP or 504 meeting and review:

1. If the plan being implemented and necessary school staff aware of and following the plan.

2. If the goals are appropriate and address all areas in which the student has deficits.

3. Are the current modifications and/or accommodations meeting the student’s needs?

4. Are the student’s grades determined based on the modifications and accommodations?

5. Is homework being modified and/or accommodated?

6. Are there other evaluations or assessments needed to determine why the student is struggling?
Homework Not Turned In or Completed

Develop a schedule for completing homework, process for knowing what homework is coming home and checking that the homework goes back to school.

Using check lists for homework, books and needed school supplies often helps.

Find out if the school has homework assignments on line.

Make sure the homework is modified or accommodated based on the student’s 504 or IEP plan.
For some students, extra checking may be necessary to coordinate with the school for assistance.

Determine a plan to monitor if it is being turned in successfully. Don’t wait for the student’s grades to reflect it.

Student may need to have a school person to touch base with before/after school.
<table>
<thead>
<tr>
<th>Helpful Suggestions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Develop good pathways of communication between school, home and DCFS/POS.</td>
</tr>
<tr>
<td>Address issues as early as possible. Don’t wait to ask for help.</td>
</tr>
<tr>
<td>Involve the student as much as possible in identifying issues and developing.</td>
</tr>
<tr>
<td>Make sure any and all plans are individualized and everyone involved knows what their role is.</td>
</tr>
<tr>
<td>Use good communication skills.</td>
</tr>
</tbody>
</table>
Part Three
Post-secondary Planning
Planning for Life After High School

There are many options after high school:

- Employment
- Job Training Programs
- Community Colleges
- Vocational/Trade Schools
- Private Colleges and Universities
- Public Colleges and Universities
- Military
Transition Planning

1. Assist student to determine preferences and interests related to post-secondary life.

2. Use results to develop post high school vision in the form of an outcome statement.

3. Conduct planning meeting and complete transition goals and needed services based on the post high school vision.

School Transition Plans and DCFS Planning Need to be Coordinated.
Why Student Centered Planning?

- The plan is more relevant.
- Drives finding the appropriate program.
- Ownership increases the likelihood of the plan being followed.
- The process helps identify strengths of the student as well as gaps that need to be addressed.
- Long lasting benefit of learning to be able to identify their goals, strengths and needs.
- It works!
Assists Students to:

- Know their strengths
- Be able to discuss what their needs are
- Identify needed accommodations
- Learn to speak for themselves
- Develop decision-making skills
- Know their options
- Be the driving force
Alternatives For Students Who Do Not Graduate High School

SURE, WE LOSE SOME—BUT WHO'S COUNTING?

DROP OUT FACTORIES

Students who fail to meet graduation requirements

Students who cannot reach required credits for graduation by age 21 can attend an alternative program or complete a General Education Development (GED) program

- Some districts will pay for alternative schools (e.g., Ombudsman)
- EdOptions is a fully accredited on-line program available through DCFS
- GED Programs are available after age 17
GED Illinois Online Program

  - Alternative to classroom instruction
  - Access anytime day or night

- Program Requirements:
  - 10th Grade reading level
  - 7th Grade math level

- Indicators for success:
  - Self-directed learner
  - Self-motivated learner

- Also available on CD-ROM for those without internet access
**Adult Basic Education (ABE)**

- Adult Basic Education programs help people with skill levels below 8th grade.
  - ABE Students may improve in reading, writing and mathematics.

- Upon completion of ABE, adults can pursue a GED certificate.

- The Illinois Adult Learning Hotline (800-321-9511) is a statewide referral system which links prospective students or volunteers to local literacy and ABE programs.
It is never too early to start planning...

Key Factors in College Planning

- Goal setting for academic success
- Planning for the future
- Grades
- Extracurricular activities/clubs
- Study skills & homework structure
- Resources (tutoring, study hall, etc.)
- College planning checklist
- Communication (counselors, caregiver, NIU Education Advisors, etc.)
Annual High School Academic Plan (AHSAP)

- Caseworker complete during AHSAP Meeting, August through October
- Used to review/evaluate academic progress, support academic achievement, and ensure preparedness for college or vocational training
- Include caseworkers, youth, caregivers, school counselors and other relevant school staff
- Should be completed each year from Freshman to Senior Year
Strategic Planning for Student in Freshman Year

- Get to know counselor
- Extracurricular activities
- Manage time
- Learn about college cost and financial aid process
- Consider college preparatory curriculum
- Attend area college fairs
- Start building student’s profile at www.whatsnextillinois.org
Strategic Planning for Student in Sophomore Year

- Stay involved in extracurricular activities
- Talk to counselors and teachers about SAT/ACT
- Register early for required tests
- Visit college fairs
- Continue working on student’s profile at [www.whatsnextillinois.org](http://www.whatsnextillinois.org)
Strategic Planning for Students in Junior Year

- Study hard (grades help or hurt college admission)
- Continue extracurricular activities
- Volunteer
- Explore college websites
- Register & take the PSAE/ACT
- Students with IEP or 504 Plan may request accommodations including extended test taking time
- Contact colleges for applications and required essay topics
- Continue working on student’s profile at www.whatsnextillinois.org
Consult with teachers and counselor
Finalize college list
Note deadlines
Take required tests
Submit college applications
Continue working on student’s profile at www.whatsnextillinois.org
College Planning

Senior Year

- Apply to College
- See your Senior Counselor
- College Tours, College Visits
- Service Learning Hours
- Apply for Scholarships
- Student Debt
<table>
<thead>
<tr>

Special Considerations for Students with Disabilities
Equal opportunity for all students. Students with a disability have access to a college education.

Colleges provide accommodations and related resources to address barriers for students with disability.

Ensure college of choice has an office of disability.

Request a copy of most current IEP/504 plan as well as the Summary of Performance for those with an IEP.

Be prepared to share IEP or 504 Plan with counselor at the office of disability at the college/university.
Students with Disabilities
Summary of Performance

- Summary of academic achievements and functional performance, and recommendations on how to assist in meeting post-secondary goals
- Prepared and provided during final year in high school
- Can include input from student and parent
- SOP is for the student/family use
- School to keep a copy
Students with Disabilities

- IEP is a legal document used Pre-K to Grade 12
- Students with disabilities must self identify to the college
- Information from the IEP/504 plan may be helpful in determining supports needed for success
- Additional tests may be required to assess needs and develop appropriate accommodations
What does your future look like?
Criteria for Admission

- College Application
- 3 Letters of Recommendation
- A Personal Statement
- Application Fee (See counselor)
- Official H.S. transcripts ACT or GED scores
- Allow 6-8 weeks to contact Admissions Office
- Submit complete package before deadline

Submit complete package before deadline before deadline.
Provide college access to:

- Students from underrepresented and/or disadvantaged groups
- Students who experience obstacles to fulfill general admissions requirements

Make additional resources and support available to the students
Alternative Admission Programs

- Eastern Illinois University
  - Gateway Program

- Northeastern Illinois University
  - Project Success (African American Students)
  - Proyecto Pa’Lante (Hispanic Students)

- Northern Illinois University
  - Deacon Davis CHANCE Program

- University of Illinois at Chicago
  - African American Network Program
  - Latin American Recruitment and Educational Services Program (LARES)
Acceptance to a University

If student accepts the admissions offer, he/she should

- Register to attend orientation
- Pay the orientation and housing fees
- Submit up-to-date immunization records
- Submit all required documents to complete financial aid
- Meet the deadline for notification of school attendance
Acceptance to Community College or Vocational School

Before enrolling for classes, student must:

- Submit all required documents to process financial aid before the first day of classes
- Register to attend orientation
- Register for placement test (if the student score below 21 on the ACT)
- Fill out the Community College Payment Program application (CFS 407-3)
Applying for Financial Aid

College is an investment for your future.
Basic Funding Available to DCFS Students

**FAFSA Related Funding**

- **F**: Free
- **A**: Application
- **F**: Federal
- **S**: Student
- **A**: Aid

**DCFS related assistance**

- **School related costs**
  - Youth in Scholarship tuition and mandatory fee waiver
  - Community College Payment Program (CCPP)
  - Education and Training Voucher (ETV)

- **Housing cost assistance**
  - Youth in Scholarship (YIS)
  - Youth in College/Vocational Training (YIC/VT)
  - Transitional Living Program (TLP) or Independent Living Arrangement (ILO) Placements
FAFSA related funding

- All DCFS funding supplements FAFSA related funding

- FAFSA must be filed annually beginning the senior year in high school

- File by January 15 each year (as soon after January 1 as possible)

- Students may be required to go through ‘verification’ process at school to actually receive FAFSA related funding

- Students may be asked to go through a verification process and will need to be prepared to provide court records to the school documenting their current or previous relationship with DCFS
What Youth Get from FAFSA Filing

- Pell grant each semester for minimum of 12 credit hours in school
- Supplemental Educational Opportunity Grant (SEOG) at 4 year college based on need and school
- Academic Competitiveness Grant (ACG)
- Federal Work Study
- Subsidized & Unsubsidized Direct Loans
- Monetary Award Program (MAP) each semester based on 15 credit hours
Student Loans can be a Mound of Debt
Types of Loans

Direct Subsidized Loan:

- Student not charged interest while enrolled in school at least half-time.

Direct Unsubsidized Loan:

- Not required to demonstrate financial need.
- Can pay interest while enrolled in school.
- If students choose not to pay the interest as it accrues, this will increase the total amount to be repaid.
DCFS Education Programs

Getting There!

Service Intervention, A Division of the Illinois Department of Children & Family Services
Types of DCFS Related Assistance

- Youth in College/Vocational Training (YIC/VT)
- Youth in Scholarship (YIS)
- Community College Payment Program (CCPP)
- Education and Training Voucher (ETV)
Youth in College/Vocational Training (YIC/VT) and Youth in Scholarship (YIS)

**YIC/VT**
- $491 monthly
- Assistance with books *not covered by Financial Aid*

**YIS**
- $491 monthly
- Assistance with books *not covered by Financial Aid*
- Medical Card
- Tuition and fee waiver at Illinois state funded universities and in-district community colleges
Both programs require:

- Full time enrollment
- Documentation submitted each term/semester (August 15, January 15, June 15) to YIC/VT or YIS coordinator:
  - Grades from previous semester
  - Class schedule
- Maintaining at least a C average each term or semester
- Notification to DCFS of any changes in contact information or possible drop in classes

Youth applying to transition into YIC/VT just prior to age 21 must have completed at least one semester of a post secondary program, at full time status, with at least a 2.0 GPA, PRIOR to the semester they will turn age 21.
Community College Payment Program (CCPP)

Used **ONLY** when there is no financial aid for classes and only for those students who are currently in DCFS care.

- Career & Technical Education programs not part of degree program
- Some pre-credit classes (student should check with school)
- Summer classes if there is no Pell available
- High school student attending community college
- Students who either have earned too much or used up all available financial aid

Pays tuition, fees, books & supplies if financial aid is not available for class.

Students not eligible for financial aid should contact CCPP Coordinator before using.
Education & Training Voucher (ETV)

- Must currently be in DCFS care, emancipated from care at 18 or if adopted/guardianship must have been at age 16 or older at the time.

- Attend accredited school/institution.

- Maximum $5000 per fiscal year.

- Award based on Cost of Attendance and other grants/scholarships.

- **MUST** use prior to age 21 (Federal ETV Requirement).

- Youth must be enrolled & attending and submit complete ETV application packet prior to turning 21 – and show need for funding.
Allowable Uses of ETV Funding

- Tuition and fees are first priority & must be paid before ETV can be used for any other category.
- Required books & supplies, equipment/uniform for program
- Transportation
- Computers – there are specific requirements to receive this and youth do not receive $5000 towards school costs + a computer
- Housing is only allowed if an extreme hardship can be demonstrated and youth is NOT receiving other department related funding for living arrangement.
ETV funding comes after other grants & scholarships

- DCFS funds are used to supplement other funding

- Funding is NOT automatic – students must apply for funds each term/semester

- $5000 is not paid all at one time
  - Each term/semester paid separately
  - If more than two terms per year/funding paid each term (prorated for quarters, clock hours, etc.)

- Student must meet eligibility requirements for any payment to be issued
Selecting the School to Attend

Determine the schools with a major of interest to student.

- Access [www.whatsnextillinois.org](http://www.whatsnextillinois.org) for assistance
- Go to career counselor at local community college, high school

Find out the cost of each school.

- School web sites
  - [www.whatsnextillinois.org](http://www.whatsnextillinois.org)
  - [www.fafsa.ed.gov](http://www.fafsa.ed.gov)

The local community college is a great place to start.

- Lower cost
- Smaller classes
- Courses count towards the general electives at most 4 year schools (Students should check with both schools to verify which course credits will transfer)
File FAFSA by January 15 each year and make sure to put 6 digit code for ANY school may attend.

Apply for scholarships (including DCFS) – many have a deadline of March 31 each year or earlier.

Apply for ETV or CCPP if needed for tuition, fee, book assistance.

Housing costs covered by Pell, YIC/VT, YIS, TLP or ILO combination.

Loans should be a last resort.
Part V

Employment, Job Training Programs and the Military
DCFS Employment Incentive Program

Eligibility Requirements:

- DCFS guardianship of youth 17 to 21 years of age
- High school diploma or GED
- Complete Ansell Casey life skills assessment.
- Must work at least 20 hours per week or be in job skills training.
Employment Incentive Program

Benefits

- $150 monthly payment for maximum of 12 months or age 21.
- Start-up funding for work related items.
- Funding is need-based and limited to a one-time disbursement of up to $200.
Apprenticeships and Job Training Programs

- Research what apprenticeships or job training programs are available that meet your interests.
- Find out what the requirements for acceptance.
- Ask for the percentage of students entering the program that complete the program.
- Ask for the percentage of students who complete the program find positions in the field that they chose.
Military Education Requirements

- Tier One - High School Diploma or GED and 15 college credits

- Tier Two - GEDs, home study (in some states), Certificate of Attendance, Alternative/Continuation High School, Correspondence School Diplomas, and Occupational Program Certificate (Vo/Tech). The services limit the number of Tier II candidates it will allow to enlist each year (Less than 1% in the Air Force)

- Tier Three - Individuals who are not attending high school and are neither high school graduates nor alternative credential holders. The services almost never accept a Tier 3 candidate for enlistment.
