Children of Color in Child Welfare

- Higher occurrence of placement changes
- Stay in the system longer
- Less likely to be adopted
- Less likely to be reunified
- Receive fewer supports

Northern Region PEP Vision

Improve permanency outcomes and reduce disproportionality and disparity of children of color in foster care in partnership with the communities.
Disproportionality
The over or underrepresentation of a particular group in a program or system.

Disparity
The differences observed in treatment, outcomes, resources and services between two or more groups.

Equality
Everyone should be treated in exactly the same way.

Equity
Everyone should be treated in ways that meet their specific needs so they have a fair opportunity to achieve their potential.

Common Terms in Describing Outcomes

PEP Regional Goals
- Improve remain home permanency outcomes
- Improve return home permanency outcomes
- Improve adoption/guardianship permanency outcomes
- Reduce disproportionality and disparate outcomes of African American and Hispanic youth in foster care
PEP History

- Partnership with DCFS African American Advisory Council, Illinois African American Family Commission, Universities*
- Focus groups with stakeholders, town hall meetings, community forums, and regional symposiums
- Anti-racism training for DCFS staff and communities
- Partner with community to form and sustain action teams co-led by DCFS and community representative

*Partnership Universities include Illinois State University, Southern Illinois University (Edwardsville), Northern Illinois University, and University of Illinois at Chicago.

### Disproportionality

- Disproportionality in child welfare refers to differences in the percentage of children of a certain racial/ethnic group in the population when compared to the percentage of the children of the same group in the child welfare system.
Disproportionality

African American children comprise only 5.6% of the total youth population in DuPage County, but 26% of youth are in the foster care.

Hispanic youth are less represented in the foster care system (17.81%) than they are in the total youth population in DuPage County (20.9%).
