Children of Color in Child Welfare

- Higher occurrence of placement changes
- Stay in the system longer
- Less likely to be adopted
- Less likely to be reunified
- Receive fewer supports

Northern Region PEP Vision

Improve permanency outcomes and reduce disproportionality and disparity of children of color in foster care in partnership with the communities.
Disproportionality
The over or underrepresentation of a particular group in a program or system.

Disparity
The differences observed in treatment, outcomes, resources and services between two or more groups.

Equality
Everyone should be treated in exactly the same way.

Equity
Everyone should be treated in ways that meet their specific needs so they have a fair opportunity to achieve their potential.

Common Terms in Describing Outcomes
